OPPOSING C HOOKS SECURELY  
CAPTURE TUBULAR WITH EASY  
TWIST ON/OFF ACTION

TWIN HANDLE DESIGN OFFERS STABLE  
GRIP FOR MAXIMUM CONTROL

The TwistIt™ Hand Safety Tool facilitates hands-off pipe stabbing and tubular maneuvering. It is specially designed to keep roughnecks' hands off drill pipe or casing during stabbing, tripping, or other handling operations on a drilling rig floor minimizing the risk of pinching, smashing or crushing fingers and hands. Visit our website for complete tool information.
